# This is A-TO

Walk, don't walk. Move along. Keep left. The street's overrun with rules. But there is another way. There's nothing pedestrian about A-TO.

Revealed for the first time in 2019, A-TO is the future in movement.

Clean, quick and effortless, our new-wave scooters spearhead both the way to work and the way to weekend adventure. They're the benchmark in premium design and, with an electric model coming soon, we're ready to show you where next.

The A-TO Ultimo is made for the rush hour crawl. With its fluid folding system and innovative frame, it's a kick scooter that travels however you choose. But where the Ultimo comes into its own is during the final mile – transforming a 20-minute walk into a 6-minute ride.

## Ultimo KICK

Size open (LxWxH)	Size folded (LxWxH)	Wheel size	Weight	Max load
94 x 36 x 100 cm	88 x 36 x 33 cm	200 mm	5,52kg	100kg
